VICTORY PARADE A HAPPY EVENT

French and Allied Soldiers March Through Napoleon's Great Triumphal Arch

WILSON'S GREETINGS

Pershing, With Staff, American Generals and Composite Battalion of Americans Follow Joffre and Others

Paris, July 15.—The conquerors in the great war marched yesterday in a victory parade under the Arc de Triomphe, through which only victors may pass. Picked units and individual heroes represented each of the Allied Armies.

Several million grateful persons, mostly Frenchmen, but with many thousands of their allies, struggled forward along the line of march for an opportunity to wave and shout their gratitude to the men who saved them from German imperialism.

The great triumphal arch, conceived by Napoleon to commemorate his victory at the battle of Austerlitz, took on new historic importance, when the Allies marched through the massive pile of masonry which dominates all Paris and moved down the Champs Elysees toward the Place de La Concorde.

The place of honor in the procession was not accorded to the generals and the smartly equipped troops. It was given to a thousand multilated soldiers, who passed under the arch and in front of the reviewing stand, where stood President Poincare, moving halting and out of step, as best they could

Many were injured, some were blind, some were in wheel chairs and others were on crutches or limped along with the aid of canes. Few of them were in uniform. They represented all the provinces of France, as was indicated by the variety of their civilian attire. They made no effort to maintain military formation, but marched as well as they could to the airs played by the military band which led them.

Great crowds filled every inch of space in the many streets and boulevards that commanded a view of the line of march. Balconies were packed and roofs were black with people. Many hung in the trees which line the boulevards.

Guns began firing at minute intervals as President Poincare placed a wreath at the foot of the cenotaph at the Arc de Triomphe yesterday morning. This empty casket, placed there in memory of the Allied dead, also was decorated by other wreaths, these being placed by Premier Clemenceau, a French soldier, a French sailor, an Alsatian girl, a girl from Lorraine and Col. Edmund Groh.

Marshal Joffre, the victor of the first battle of the Marne, passed under the Arc de Triomphe at 8.45 o'clock. He rode alone. Behind him comes Marshal Foch, the commander-in-chief of the Allied forces during the final campaign of the conflict. A storm of applause arose from the vast throng as the two marshals passed the President's squad and moved down the brilliant avenue.

Gen. John J. Pershing, with a number of American generals, came next in line and was received with equal enthusiasm. Forty American organizations, soldiers and marines, marching with wonderful precision were greeted by a sea of waving handkerchiefs and flags and with deafening cheers.

Washington, July 15.—Before begining the day's conferences, President Wilson sent this message to President Poincare of France, on the occasion of the celebration of Bastile Day:

"May I not on this day which commemorates the breaking of the chain that once bound France to an intolerable servitude convey to the people of France the cordial fraternal greetings of the people of the United States and their sense of privilege and joy in having been associated with France in breaking the bonds of the world? (Signed)

"Wodrow Wilson."

HOLD RAILROAD RESPONSIBLE.

Defective Cars Cause J. M. O'Neill's Death Says Coroner's Jury

A coroner's jury that examined a number of witnesses regarding the killing of James M. O'Neill at the Potomac Railroad yards Sunday morning, which met at 6 o'clock yesterday at Wheatley's mortuary chapel, gave a verdict to the effect that O'Neill came to his death while in the discharge of his duty by being caught between defective cars at the yards. Coroner R. J. Yates presided.

The funeral of O'Neill took place this afternoon at 2 o'clock from his late residence, 230 North Payne street. Services were conducted by Rev. L. F. Kelly of St. Mary's Catholic Church. Burial was in Bethel cemetery.

TYPHOID AT LOW EBB

Richmond, July 15.—A tribute to general sanitary condition of Richmond and to the efficiency of the typhoid vaccine which has been used largely for the past several years is the remarkable record established in the city for the first half of the present year.

Just twenty-eight cases of typhoid fever have been reported in the city and not a single death has resulted from the once malignant disease. The record for this year shows a great improvement over the same period in 1918, forty-six cases having occurred prior to July 1 in that year, with five resultant deaths.

At present there are just eleven cases in Richmond which have been reported to the health department. Of the twenty-eight cases reported, fifteen are known to have been contracted outside the city and five of the remaining thirteen cases resulted from obvious and admitted carelessness on the part of the onces who contracted the disease. None of the cases have been traced either to infected milk or the city water suply.

BIG STORM AT CUMBERLAND

Street Car Service Suspended And Buildings Damaged

Cumberland, Md., July 15.—Cumberland was visited early yesterday afternoon by the most severe electrical storm of the season, which caused a complete suspension of three hours in street car service and in plants operated by electric power. The main wire leading from the power plant to the city was burned out. Lightning tore down a chimney and wrecked the rear of the home of Mrs. W. H. Kennedy, on Boon street. A temporary work tower at the Kelly-Springfield tire plant was mashed to the ground as if struck by a pile driver. Other small buildings suffered similarly. Many cellars were filled from overowing drains, especially in North Center sreet. The Green street and Baltimore subways were filled with water.

TO ATTACK HUNGARY

Franco-Rumanian Army is Under a Brilliant Leader

Vienna, July 15.—A Franco-Rumanian army under Gen. D'Esperay is preparing for a general attack on Hungary, according to despatches from Budapest. The attack will be aimed at liberating the Hungarians from the Soviet system, and the attacking armies expect considerable support from the Hungarian masses.

General Franchet D'Esperay's brilliant strategy as commander of the allied Saloniki armies a year ago brought about the collapse of Balgaria and the subsequent surrender of Turkey.

Berlin, July 15.—A change of government in Hungary is imminent as a result of allied pressure, the Hamburgische Kurier earns. Bela Kun, the Hungarian Soviet Foreign Minister, is weakening, the paper asserts, and Count Albert Apponi is slated to succeed him.

TO THE PUBLIC

The Health Department wishes to announce that all persons desiring to be inoculated against typhoid fever will receive this treatment free of charge at the Health Office, City Hall, on Mondays, Wednesdays, and Fridays, from 1 to 5 p. m.

The Department urges that all persons who have not received such inoculation, take advantage of this opportunity.

Dr. James J. Garvey,
166-6c. Acting Health Officer.

SWANSON DEFENDS LEAGUE OF NATIONS

Virginia Senator Makes Strong Answer to Alarmists

IS ONLY SOLUTION

Consumes Two Hours, Covering Practically Every Disputed Point in World-Wide Covenant.

Washington, July 15.— Senator Swanson, of Virginia, in one of the ablest speeches of his career in the Senate, yesterday went to the defense of the league of nations and in the two hours which he held the Senate floor he covered practically every disputed point raised in connection with this world-wide covenant.

Taking up the question of the alleged surrender of sovereignty by those States which become members, that involving the sacrifice, as charged, of the Monroe Doctrine and the disarmament proposal, the Virginian made an effective answer to the alarmists, on the one hand and the partisan disbelievers on the other. The Senator contended that the great war would have been fought in vain if out of it did not come some plan for the preservation of peace and the outlawing of war-inclined nations.

Praising the league of nations covenant as "one of the world's greatest documents," Senator Swanson told the Senate that if the United States rejected the league it "would mean that she would skulk in the greatest world crisis that ever occurred."

The speaker defended the league against the objections that it would sacrifice sovereignty and American traditions and asserted that on the contrary it would result in immense material gain in protecting American integrity and preventing war. He declared it would not create a supergovernment, involve objectionable obligations, nor invalidate the Monroe Doctrine.

The pathway of our duty is plain, said Senator Swanson. "Let us not be frightened by our own prodigious shadow as it projects itself into world affairs. Let us not be deterred from our manifest duty and destiny by a craven fear of becoming great in giving service and direction to a world in the direst hour of its needs and distress."

Pointing out that the war had shaken the social order to its foundation, the Virginia Senator said it was the paramount obligation of responsible statesmen to prevent another such conflagration which would return the world "to the rule of brute force and barbarism of the dark ages."

SHOOTS BURGLAR DEAD

Philadelphia, July 15.—Prof. Benjamin F. Schapelle, teacher of modern languages at the University of Pennsylvania, shot and killed a burglar in one of the fraternity houses early yesterday.

Awakened by other men living in the house, Schapelle took his revolver and tip toed into a dark hallway. Instantly a voice commanded him to put up his hands. Schapelle fired one shot from his hip and dived back into his room.

A minute later the burglar was seen to jump from a window. Firing three shots to arouse neighbors. Schapelle and others hurried from the house.

They found the burglar's body a few feet from the window, the first bullet having taken effect above the heart.

NOTICE

The J. R. N. Curtin Baraca Class will give a picnic to Mr. J. M. Martin place at Franconia, Va., Tuesday, July 15, 1919. All members are urgently requested to be present at 7 p. m. Tuesday evening in front of the First Baptist Church, where automobiles will carry them to the grounds. Come nad bring a friend and enjoy a delightful evening with the class.

166-2p. E. R. Allen.

THE CHAUTAUQUA

Polly of the Circus Will be Presented Tonight

"Polly of the Circus" will be the feature of the chautauqua at 8.15 o'clock tonight. It is expected that a large audience will attend. There will be a full cast and five sets of scenery.

A good sized audience last night heard Ross Crane deliver his address entitled "Dollars and Sense for Your Town," His lecture was illustrated The speaker among other things told what is necessary to make a town and explained how towns may be beautified. The overseas quartette gave a number of selections.

PROPERTY SALES

Deeds of Transfer for Five Pieces of Property Recorded

Deeds for five pieces of property have just been placed on record in the office of the clerk of the corporation court as follows: Mrs. Alberta Regester Duffey to Miss Ellen R. Fisher house and lot 516 Duke strat; Miss Ella R. Fisher to Mrs. Clara I. Alexander house and lot on the south side of Prince between Fairfax and Lee street; Franklin C. Pullin to William H. Cook house and lot 315 Queen street; Mrs. Elizabeth A. Sisson to George Phillips house 713 South Patrick street.

LEAGUE OF NATIONS WILL BE THE ISSUE

Opponents of Measure Now Discussing Plans For 1920

PLANS TO WITHDRAW

Two Years Notice Will be Required, Which Would Enable The United States to Leave the Pact in 1923.

Foreseeing complete victory for President Wilson in the Senate some League of Nations opponents are today discussing a plan to make withdrawal from the league by the United States as issue on the 1920 campaign.

No one is openly sponsoring the proposal as yet. Those who favor it will be ready to announce it, however, the moment they think it will receive party support.

Senators who have talked this idea over point out that two years' notice is required for actual withdrawal and the issue in the election would be the giving of notice to the league of this country's intention to withdraw which would get us out by 1923.

By that time, these Senators say, the United States will have done it share toward stabilizing Europe and will have a right to resume its individual nationalistic policy.

Developments expected today in connection with the Senate's discussion of the league and the treaty were.

Meeting of the Foreign Relations Commitee at 10 a. m., at which Senator Johnson of California planned to urge adoption of his resolution calling on the President to give the committee testimony and data from the peace conference and drafts of al League of Nations plans offered.

Discussion in the Senate of the Lodge resolution requesting that the Senate be given a copy of a reported treaty between Germany and Japan and all information the State Department has concerning German-Japanese negotitions during the war.

TROOPS TO CURB RIOTS

Italian Strikers at Rome, N. Y., Overwhelm Police

Rome, N. Y., July 15.—State troops were yesterday afternoon rushed here from Oneida in an effort to curb the riots started Saturday by 4,000 Italian strikers at Rome plants.

This action was taken by Governor Smith when efforts to deal with the strikers by local authorities failed. Troop D from Oneida, armed with Winchester rifles, arrived yesterday afternoon and Troop A of Batuvia, is expected to arrive today.

The strikers overwhelmed 100 special police and deputy sheriffs guarding the plants affected and a number were reported injured.

THIEVES STEAL BURIED WHISKEY

Spade Up Earth And Ge Away With Many Quarts

WAS IN BACK YARD

Resident of Fourth Ward Discovers Robbery of $200 Worth of Joy Fluid This Morning.

Don't bury your liquor and think it is safe.

This advice is given today by a resident of the Fourth ward. According to reports in circulation he had "planted" many quarts to tide him over the prolonged drought. The "planting" was done in the back yard of his residence. The idea was to spade up a quart every now and then. This had worked well for several weeks, The owner of the wet goods, however, came to grief this morning when he went into the back yard. The robbery was at once discovered without even digging up mother earth. Fresh earth had been tossed in all directions and it was evident that a wholesale robbery had taken place during the night.

The owner, however, in order to make sure scraped down as deep as eh had gone with his precious cargo of bootleg liquor and found the robbers had left absolutely no whisky.

The whisky is reported to be worth in the neighborhood of $200 according to prevailing "bootleg" prices. It was in quarts and was brought to Alexandria from Baltimore it is reported.

The matter of the liquor up to the hour of going to press of the Gazette had not reported the robbery of the "bootleg" liquor to the police.

Just what could be done about it is a matter of speculation. Indications are that no official report of the robbery will ever be made.

SHANTUNG DECISION

Allies Had to Consider Treaty Between Allies and Japan

Washington, D. C., July 15.—Discussing the Shantung settlement with Senators and Representatives who called at the White House yesterday, President Wilson is understood to have pointed out that necessarily the American Peace Commissioners could not impose their complete will on the Peace Conference and were compelled to accept some things in the Treaty which they personally disapproved. The President also was said to have explained that consideration had to be given the Treaty between the Allies and Japan, made before the United States entered the war, by which the material German interests in Shantung were pledged to Japan.

The President was said to have told his visitors that the treaty did not give Japan any political rights in Shantung and in Kiac-Chau, but only economic rights, which would terminate in 60 or 70 years.

Japan's delegates at Versailles, the President was said to have told his callers, were instructed not to sign the treaty unless the Japan-Allied treaty provisions regarding Shantung were adhered to.

The President also was represented as having expressed the view that it was expedient to yield on Shantung in order to have Japan a member of the League of Nations.

NOTICE

In connection with the completion of the Filtration Plant of this Company, and the extension of the 20 inch effluent main from the Filters into the Reservoirs, it is necessary to draw down the water level in the Reservoirs about six feet which will reduce the pressure over the city about 2.5 lbs. This work is in progress this week. Until it is completed and the high water again restored in the reservoirs, consumers on the higher levels of the system may experience some temporary inconvenience, which we regret, but which is unavoidable. We will restore original conditions at the earnest possible moment.

Alexandria Water Company.
156-6c.

WETS OUTVOTED

House Shows Firm Stand Against Light Wines and 2.75 Beer.

The House yesterday definitely put itself o nrecord against light wines and beer. All other efforts of the "wets" and "liberals" to modify the terms of the legislation for the enforcement of war-time prohibition met a like fate at the hands of an overwhelming "dry" majority.

The largest vote the "wets" were able to muster was 94, while the "drys" on one amendment polled 151. In view of this line up it appeared as if the bill will be put through virtually in the form in which it was reported out by the Judiciary Committee.

The first proposition to come to a vote was an amendment by Representative Dyer to increase the limit of alcohol to be permitted in beverages from one-half of 1 per cent, as provided in the bill, to 2 3-4 per cent. The result was 90 in the affirmative to 151 in the negative.

The second test of strength came on a motion by Representative Igoe to strike out the definition of intoxicating liquors which limits the alcoholic content of beverages to one-half of 1 per cent. Adoption of this amendment would have left the question for the courts to determine. The tellers' count was 94 in the affirmative to 141 in the negative.

The third alignment was on an amendment by Representative Pell to strike out the limitation of one-half of 1-per cent of alcohol and provide for the determination by a jury whether or not a beverage is intoxicating.

On a tellers' count the affirmative vote was seventy-eight and the negative 143.

The only concession the "dry" leaders consented to was on a motion by Representative Benson to make the definition of intoxicating liquors apply "hereafter" and to subsititute in the same definition the word "beverages" for "liquors." Led by Representative Volstead, chairman of the Judiciary Committee, and author of the bill, a sufficient number of "drys" voted with the "wets" to give on this amendment an affirmative vote of eighty-six to seventy-eight in the negative.

The purpose of the Benson amendment, it was explained, is to liberalize the enforcement legislation so as to permit the manufacture of legitimate commodities such as flavoring extracts, patent medicines, etc., which may not be used for beverage purposes.

TO SPEAK FIRST OUT WEST

Matter of Wilson's Addresses Will Depend Greatly on League

Washington, July 15.—Announcement of the route to be taken by President Wilson in his tour of the States in behalf of the peace treaty and league of nations probably will be made early this week.

According to present tentative plans, it is learned, the tour will start about July 23. It is likely the Presidential party will not visit New York or the New England States, but will go straight West, probably making Cincinnati the first stop.

It is practically assured, it was learned, that speeches will be made at Indianapolis, Cleveland, Chicago, Kansas City, Wichita, Kan.; St. Paul, Denver and at several cities on the Pacific coast. Invitations have been received from a large number of cities, but none has been definitely accepted, and all plans are still tentative.

Having disposed of much of the business which confronted him upon his return from Paris, the President will shortly start work roughly drafting the series of addresses he will make on his trip. What he will say, however, will be determined partly by the course the Senate debate takes while he is traveling.

HAPPENINGS ABOUT CITY TOLD IN BRIEF

Mr. W. B. Smoot has gone to Atlantic City where he will spend the next two months.

Rev. Dr. John Lee Allison, pastor of the Second Presbyterian Church, will leave this week for a few week's vacation at Wytheville, Va.

Mrs. Gardner L. Boothe and sons, Armistead and Gardner Boothe, Jr., are at Sugar Hill, New Hampshire, where they will spend the summer.

Mr. and Mrs. A. A. Lucas and little daughter Miss Charlotte left last night for New York where they will spend some time.

E. J. Roberts is the latest candidate for the position of member of the board of supervisors from Jefferson district Alexandria county. Other candidates are Edward Duncan and C. A. Travers.

Mr. and Mrs. R. A. Purvis, of 114 North Henry street, had as their guest last week their daughter, Mrs. S. S. Carroll and sons, Bernice and Adrian, and also Miss Thelma Brown, of Capital Heights, Md.

Members of the J. R. N. Curtin Memorial Baraca Bible Class will leave in automobiles at 7 o'clock tonight from in front of that church for a picnic to the place of J. M. Martin, Franconia.

Traffic on the electric railway between this city and Washington was tied up for about an hour today between 11 and 12 o'clock owing to the inability of the company to obtain current. The trouble was due to the storm.

Judge C. E. Nicol has received a letter of thanks from Provost Marshal General E. H. Crowder thanking the judge for the services rendered by him in the selection of the contingents of the National Army through the selective system.

Private E. H. Roland, son of Mr. and Mrs. Enoch H. Roland, 416 North Alfred street, has arrived from overseas according to word just received by his parents, and is now at Camp Mills, N. Y. Private Roland has been overseas for eight months.

Rev. Dr. E. B. Jackson, pastor of the First Baptist Church, is attending the Baptist Chautauqua at Virginia Beach. Reports from the Chautauqua are to the effect that it one of the largest meetings in the history of the convention. Dr. Jackson conducted devotional exercises Sunday.

CROKER, JR., WINS SUIT

Gets Judgment for $217,201 Including Share of Mother's Estate

New York, July 15.—Judgments amounting to $217,201 were obtained yesterday by Richard Croker, jr., against his father, Richard Croker, former leader of Tammany Hall. No defense was offered.

Young Croker set forth that in October, 1907, his father, who lives in Ireland, requested him to act as his business agent and that he continued his services in that capacity until December 30, 1917, when he rendered an account of $125,836. One judgment represents that amount with interest. The second judgment, for $80,000 involves the division of the estate of his mother, Mrs. Elizabeth Croker, who died in 1914. The son testified that he was entitled to one-fourth of the estate, then valued at $300,000, but that he entered into an agreement with his father under the terms of which Richard, jr., paid over his share to his brother, Howard, with the understanding that the father would turn over to the plaintiff's sister, Ethel, a sum equal to the plaintiff's share. This never has been done by the elder Croker, it is alleged, although frequent reques have been made that the agreement be carried out.

CIVIL PUNISHMENT

While war was in progress a soldier cannot be held by civil courts for misdemeanor. Soldiers have at times during the past two years been brought into the Police Court of Alexandria to answer for such offenses. The accused in all such cases have been turned over to their superior officers for punishment. In cases of felony, however, they have been held for the grand jury.

The authorities of Philadelphia have followed the same rule, but during the past few days the Quaker city has determined to take the bull by the horns, and soldiers or sailors who in future may be proven guilty of misdemeanors will be tried by civil tribunals.

The Park Commission says it is our only method of breaking up disturbances. In the past sailor offenders have been arrested and given over to the navy yard authorities to deal with. A week later, however, they appeared and created disturbances. Now they will be dealt with as are other civilians.

Five sailors, charged with creating distuyrbances, were yesterday held for court in the sum of $600 each.

WONDERS OF THE ACE

In glancing over a copy of the Alexandria Gazette printed during the fifties our attention was attracted to an article headed "News From California." The "news" was one month old, it having taken that time to get across the continent. According to an announcement, an air service route will soon be in operation which will transport passengers and mails from Washington to the Pacific in thirty-six hours.

The capital city will be one of the terminal points for the first transcontinental airline in America, according to a statement issued yesterday by Alfred W. Lawson, president of the Lawson Airline Transportation Company.

The first passenger carrying plane will be put into service within two weeks. The ship will be sent from the Milwaukee factory to New York and Washington on an initial path finding tour. San Francisco will be the western objective for the big plane.

Although a through transcontinental nonstop service is later contemplated, the first trip from Milwaukee will be a local service—one on which passengers will be taken on and off at all principal cities en route. Contemplated steps are at Buffalo, Cleveland, Chicago, New York and the larger cities west of Washington.

On the through service schedule a traveler can leave Washington at 7 o'clock in the evening, breakfast at Kansas City or Omaha, be transferred to an airplane day coach, and have dinner at Salt Lake City. A second sleeper will convey the passenger to the San Francisco goal by morning, making the entire trip in thirty-six hours.

This specially constructed air coach is built to accommodate twenty-seven passengers and will travel at the rate of 100 miles an hour. It will be propelled by two Liberty motors of 400 horsepower each, with the capacity of a 1,000 mile flight without stopping.

LANSING ON WAY HOME

Brest, July 15.—The steamship Rotterdam, with Secretary of State Lansing on board, left here for New York yesterday afternoon. She was delayed a day in coaling.

(Communicated)

To the Editor:

Two recent events, the war and the carnival which occupied the city streets for a week have brought to the attention of the thoughtful the need in this city of a place of rest and public comfort centrally and conveniently located.

That it did not materialize while the city was thronged with soldier boys proves with what open handed hospitality the people received them and provided for their comfort.

While it is true that the war and the carnival produced unusual conditions, yet the former was the occasion of notable increase in the population in the several large industries which bid fair to become permanent institutions. Even under normal conditions, however, Alexandria has always attracted a large rural element which has contributed in no small measure to its financial status, to say nothing of the number of tourists interested in historical landmarks who are daily visitors. When the carnival held forth in the public thoroughfare, besides other adverse criticisms, a great deal was said as to its being a public menace from a sanitary standpoint. Would not a place of public comfort, at that time, have, at least, eliminated that aspect? All these things combined create a very urgent need which it is to be hoped may be supplied in the near future.

WOMEN IDENTIFY NEGRO

Net Tightens Around Louis Randall Arrested at Connecticut Ave

That the Washington police have captured the colored fiend who recently committed a criminal assault on Miss Mary Saunders was the firm belief last night of Inspector Clifford L. Grant.

The negro, Lewis Randall, has been positively identified by two of his victims, Mrs. Bessie Gleason, a white woman, and Louise Simmons, a colored school teacher, as the criminal who attacked them.

When taken before Miss Saunders she declared that Randall bore a striking resemblance, as far as she could remember, to the negro who committed the crime.

"The net is tightening about Randall," declared Inspector Grant last night.

Randall has told so many conflicting stories about his whereabouts on the dates of the alleged assaults, and has so persistently lied to the police, it is said, that when they attempt to follow up his stories they actually find more evidence against him.

Mrs. Gleason and Miss Simmons were both absolutely sure when they faced Randall that he is the man wanted. Neither had any doubts whatsoever of their identification.

3000 JEWS ARRESTED

Bela Kun Says Their Money Will Be Retained.

Vienna, July 15.—Three thousand Galician Jews have been arrested in the streets of Budapest, according to advices received here.

Bela Kun, head of the Hungarian Soviet Government, replying to a Polish protest against these arrests, declared: "Pogroms are bound to [illegible] here, but we do not want Hungarian Jews to suffer for the acts of the Galician Jewish speculators who infest this country. Also we refuse to return money found on their persons.

Dr. Frederick Jacobson says, 75 per cent of women need Phosphates to give them Strong, healthy, rounded figure and to avoid Nervous break down. Thousands of women grow strong in Nature's way.

"Consider the Lilies of the Field, How They Grow."

The life of the lily is but a few weeks or months. The life of woman is "three score years and ten." But to live one's life in its fullness, women like the lily, must be nourished by those same vital elements which nature provides for nourishing every living thing; and these include the valuable phosphates so often lacking in the usual food we eat today. Argo-Phosphate is rich in these wonderful elements. It contains them in concentrated tablet form which is easy to take and quickly assimilated and absorbed into the system, and from youth to old age builds and rebuilds body and brain in beautiful harmony with Nature's perfect plan. "That's why" Argo-Phosphate makes good, solid flesh and muscles.

SPECIAL NOTICE: Argo-Phosphate contains the Natural phosphates which thousands of physicians are prescribing daily to build up thin, pale, colorless women to give them rosy cheeks, red lips, and a beautiful complexion. Many cases have been reported where women have increased their weight from 15 to 25 pounds with a few weeks treatment, and any woman who desires a well rounded and developed form, should secure from her druggist, this new drug which is in-expensive and is dispensed by Richard Gibson and The Rexall tore, with or without a doctor's prescription. Free sample mailed by the Argo Laboratories, Atlanta, Ga.

NOW IS THE TIME
To Build Up Permanently.
Nature at Its Best as an Aid.

If you who are weak, nervous and run down from over-work, worry of any other cause would only realize that the summer months is the time to build up strength and vigor there would not be so many collapses and rushing for aid during the winter.

The plan to follow is simple: plenty of rest and good wholesome food along with a strength-creating body- building tonic, Chasco-Vin with its Iron, Manganese, Hypophosphites, Nux and other strength making ingredients, is the tonic we suggest.

If you follow this plan carefully you will notice a wonderful improvement in two weeks time. But don't give up too soon.

The Local agent for Chasco-Vin is Edgar Warfield, Jr., King and Pitt Streets.

"Polly of the Circus"

AT CHAUTAUQUA

Five Sets of Scenery in This Play

SCENE FROM "POLLY OF THE CIRCUS"

"Polly of the Circus," that delightful American play, full of sentiment and dramatic interest, will be presented this year on Chautauqua with a full cast and five complete sets of scenery. Many have doubtless had the rare pleasure of seeing this drama presented. Chautauquans who have not seen it will have some idea of its popularity when they know that it is said by many to be even better than "The Man From Home" and "The Fortune Hunter." It will be given by a company of experienced players and with numerous stage accessories designed to produce a very realistic effect.

Just a true, native drama of the lives of the people we all know, and most of us love, is the best description that can be given of "Polly of the Circus," whose trials and triumphs have moved from smiles to tears and from tears to pure delight over a million happy playhouse patrons.

The story is just a compelling study of a tender child born and reared among the garish life of the circus tent, thrown by accident into the home of a young village clergyman, and there awakened to hope, to love, to knowledge, to God. There is a wholesome sweetness and a delightful charm about this drama that has given it high rank among the successes of the stage. Certainly it is without superior and has few equals in the way of clean entertainment.

This play ran for six straight months in New York city. It will be in your town for one night. Be sure to see it at Chautauqua.

ELECTROCUTED IN AIR

C. And P. Telephone Lineman Loses Life at Winchester, Virginia

Winchester, Va., July 15.—W. Frederick Lowery, 38 years old, a local lineman of the Chesapeake and Potomac Telephone Company, was killed yesterday afternoon when he fell from a pole in front of the City Hall after coming into contact with a high tension electric wire of the Northern Virginia Power Company attached to the same pole.

Lowery was holding a telephone line leading to the Evening Star office when a metal buckle of his belt touched the electric wire. He fell headlong to the sidewalk and was dead when picked up. His skull was also fractured. He leaves a widow and four children. A son, Lee Lowery, was fatally mangled in machinery at the Old Dominion Paper Co., plant several months ago.

HURT IN STRIKE RIOTS

Two Women and a Man in Serious Condition at Chicago, Ill.

Chicago, July 15.—Two women and a man were seriously injured yesterday when strikers at the Argo, Ill., plant of the Corn Products Refining Company stopped street cars carrying nonunion men to the plant and clashed with armed guards who were aboard the cars. A number of shots were exchanged. Strikers and guards also clashed near the Argo Hospital and 10 persons are reported to have been slightly injured. Until this morning the village has been quiet since the riot last Tuesday night in which three persons were killed and a score wounded.

Washington, July 15.—An epidemic of strikes and lockouts, spreading through many sections of the country, is costing losses nearing the $1,000,000,000 mark.

Riots, precipitated in many of the strikes, already have resulted in property losses aproximating millions.

Government reports show that an average of 50,000 men are away from their benches every week as a result of labor troubles. The direct loss in wages to strikers alone thus now approximates the total of $5,000,000 monthly, reports indicate.

The indirect loss comes from the purse of every person in the United States, officials say. The decrease in production is staggering, involving a loss of more than 10,000,000 working hours monthly.

GLAD TO TESTIFY

Says Watoga Lady, "As To What Cardui Has Done For Me, So As to Help Others."

Watoga, W. Va.,—Mrs. S. W. Gladwell, of this town says: "When about 15 years of age, I suffered greatly. Sometimes would go a month or two, and I had terrible headache, backache and bearing down pains, and would just drag and had no appetite. Then it would last two weeks, and was so weakening, and my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three. I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children. Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years.

Begin taking Cardui today. It may be the very medicine you need.

In Olde Virginia

Where Cigarette Tobacco was born

"The wharves were the chief meeting-places of the settlers. And there they would gather, puffing their pipes of rich Virginia tobacco, the while telling merry tales of foreign ports and of recent happenings in the colonies."

—Early Virginia Settlers

Don't lose any of that good Virginia-Carolina Taste

SUN-ripened—mellow Virginia-Carolina tobacco has a lively, appetizing taste that other tobaccos do not have.

But mark this—Virginia-Carolina tastes best when smoked straight. Mixing it with other leaf takes away some of that fine fullness of flavor.

If you want the *real* Virginia-Carolina flavor—*all* of it—smoke Piedmont.

The Virginia-Carolina Cigarette

Piedmont

RIGHT—Virginia-Carolina tobacco, unlike foreign-grown tobaccos, has no import duty to pay. That is why Piedmont's quality does not cost you more. Import duty does not make a cigarette taste any better. Why not get all your money's worth in tobacco quality?

Liggett & Myers Tobacco Co.

BIDS TO BE RECEIVED

Alternate Bids will be received at the County Clerk's Office, Rosslyn, Virginia until 12.00 Noon, July 18th, 1919, for the construction of the following roads in Alexandria County, Virginia:

For construction with concrete surfacing: The Georgetown Pike between Arlington District Line and Station 204-00. 2.00 miles long. 2836 cubic yards unclassified excavation. 18773 square yards concrete surfacing. Or for construction with Bituminious Macadam surfacing. The Georgetown Pike between Arlington District Line and Station 225-12. 2.4 miles long. 3403 cubic yards unclassified excavation. 22529 square yards bituminous macadam surfacing.

For construction with Concrete Surfacing: The Glebe Road between Chain Bridge and Station 89-20. 1.50 miles long. 4313 cubic yards unlassified excavation. 14080 square yards. Concrete surfacing or for construction with Bituminus Macadam Surfacing: The Glebe Road between Chain Bridge and Station 105-60. 2.00 miles long. 5750 cubic yards unclassified excavation. 18773 square yards Bituminous Macadam Surfacing.

The above roads are to be graded for the width of 22 feet.

All Concrete or Bituminous Macadam surfacing is to be 16 feet wide.

Plans and specifications on file at the Clerk's Office, Rosslyn, Virginia, and at the office of The State Highway Commissioner, Richmond, Virginia. Copy of specifications can be obtained upon application to the State Highway Commissioner.

A certified check for $500. must accompany each bid on one road or for $1,000 on both roads.

The right is reserved to reject any or all bids.

Board of Supervisors of Alexandria County. 161-167-2c

TO DEMAND KAISER

Berlin, July 15.—The allies will request Germany to deliver the former Kaiser from Holland, according to the Tageblatt, which claims to have gained this information from a reliable source. The allies will also make demands for a total of 167 persons, the paper declared.

DAYLIGHT ACT SAFE

Effort to Pass Repealer Over Veto Fails in House

Washington, July 15.—The Daylight Saving act has been saved from the vengeance of its enemies. After having been repealed by an overwhelming majority in the House and a safe majority in the Senate, the veto which President Wilson lodged against the repeal on Saturday was sustained in the House yesterday. The vote to override the veto was 247 for and 135 against. The necessary two-thirds was lacking by 23 votes.

The Senate will have no voice in the matter. The measure will be amended by the House Committee on Agriculture, striking out the repealer and will be passed within the next 48 hours, with little or no discussion. It will then go to the Senate and probably will be passed there by acclamation.

GIRL KILLS SIX WOLVES

Earns Bounty by Entering Cave to Slay Animals and Obtain Finances

Richmond Mo., July 14.—Rose May Bowers, a 16 year old Richmond school girl, earned $16 in a way that probably few other girls would care to take to earn money.

While out walking on her grandfather's farm, she saw a young wolf at the entrance of a den, and, after going for her grandfather's help, crawled into the den and killed the mother wolf and five cubs.

CITY LICENSE

All licenses are now due. Applicants should call and receive their licenses and pay same to the Mayor Especial attention is called to section 101 of the license law, June, 1919-May 31, 1920. By reason of the large number of machines in use in the City, and this, the first time local license tax imposed thereon, "automobiles motorcycles and etc., each and every owner of a vehicle shall obtain a city license and pay the sum of three dollars and fifty cents ($3.50) He shall be furnished a tag when license is paid, which must be displayed on each machine. This does not apply to non-residents temporarily operating a machine in this city when not for hire."

The Mayor will be in his office in the City Hall Royal Street side during office hours and each evening from 7 to 10 p. m., from July 15 to 19th., inclusive for the accommodation of those who might find it inconvenient to call during the day.

THOMAS A. FISHER,
165-4t. Mayor.

It Is a Sign

of efficiency and integrity to keep your appointments on time. The only man who can be prompt to the minute is the man with an accurate watch. It may mean money to you to know that you can delay five minutes and still be on time. You cannot be certain of this unless you have a good watch. We have just the watch for you.

LEACHMAN & SAUM

THEATRES

GRAND THEATRE

How a lone girl routs five fanatical Indians bent on slaying a Cape Cod skipper they suspect of having, a long time since, desecrated one of their temples, provides one of the big scenes in "The Captain's Captain," the Vitagraph Blue Ribbon Feature, which will be seen in the Grand Theatre tonight.

Alice Joyce is the featured player in this fascinating comedy drama, and it is she who extricates her Uncle Abe from the dilemma in which she has placed him. She recalls that Indians are superstitious and, throwing on a white gown and seizing a lighted candle, she does a sleep walking stunt, after Lady Macbeth, and the Indians throw down their weapons and vanish.

RICHMOND THEATRE

Tom Mix is coming to the Richmond Theatre tonight in a brand new thriller, "The Wilderness Trail," a William Fox photoplay from the book of that title by Frank Williams. It is a story of the snow bound fur region of Canada. Tom Mix, it is announced, performs as many exploits in the snow, as he does in his well known pictures of the great southwest.

INGOMAR THEATRE

Wallace Reid's admirers like to see him in different situations. Why? Because they always realize that he will get the better of the situations and come out with flying colors. "Too Many Millions," which is the bill at the Ingomar Theatre tonight, is no exception to the rule, although it is quite different in development from any picture Mr. Reid has ever done. A Mack Swain comedy also will be shown.

Rheumatism

is completely washed out of the system by the celebrated Shivar Mineral Water. Positively guaranteed by money-back offer. Tastes fine; costs a trifle. Delivered anywhere by our Alexandria Agents, F. S. Harper, Inc. Phone them.

To Our Patrons

Alexandria, Va., June 2, 1919.

In line with our progressive banking methods, and to meet the demands of our patrons, we are installing on July 1st, an up-to-date Safe Deposit Department, under the personal supervision of one of our officers.

This has been made necessary from the fact that a large number of our depositors owning Liberty Bonds and other securities desire a safe place for their keeping.

It is our plan to enlarge the number of Safe Deposit Boxes, and make a rental charge to meet the operating expenses of this Department. This charge will become effective July 1st, 1919, and a bill will be sent out at that time to the holders of boxes, and if any desire to make any change we will be glad to have them call before the bills are rendered for the ensuing year.
